Your journey begins with a seamless pick-up from Geneva Airport, whisking you away to Annecy, often called the Venice of the French Alps. Unwind for 2 nights in this picturesque town, nestled by crystal-clear lakes and charming canals, the perfect place to recover from jet lag before the alpine adventure begins.

Transfer through the alps and then immerse yourself in the world-renowned slopes of Val d'Isère, where exhilarating skiing and après-ski await. We stay in the village of Val d'Isère for 7 nights and ski for 6 days. Waking up each day in one of the world's most iconic mountain villages. Think mornings skiing through huge open terrain, fresh powder or endless groomers. The afternoons rolling into legendary après as the village comes alive with music and energy.

Beyond the slopes, it's the little moments that make the experience unforgettable, you'll have enough time to explore the villages by yourself and then join us on our 3 evenings together. Our welcome drinks, secret sunset food & drinks with a difference, and a final shared casual dinner with new friends,

On the slopes, Snowlife has the connections to secure VIP access at the famous La Folie Douce, meaning no long waits, just straight into the experience.

Whether you want to sit back with champagne overlooking the Alps or immerse yourself in the electric après atmosphere, it's the perfect mix of fine dining, live music, entertainment, and alpine glamour. We also will organise private cheese tasting in the towns only barn and many other experiences we only know about.

From Val d'Isère, we'll transfer to the iconic 3 Vallées, where you'll continue your skiing adventure, enjoy some leisurely shopping.

Enjoy the perfect blend of fine dining, music, and alpine glamour.

After 4 nights in Méribel and 3 days skiing we'll return to Geneva in a private transfer, ready for your flight home or onward to other European destinations.
